ABOUT MWVYHA - our organization
Founded in 1992, the Mount Washington Valley Youth Hockey Association has its roots at the most fundamental level...the devotion and efforts of caring parents. Many current members surely recall scraping and shoveling outdoor rink ice of questionable quality so their children could lace their skates despite the often imperfect winter weather. Through community efforts and financial support, the state of the art [Ham Arena](#) located in Conway, New Hampshire was constructed and is now our home rink.

The MWVYHA now enjoys a growing membership and a direction intended to foster personal growth through athletic competition.

The volunteers who believe in the organization's mission work long and hard not only for their own children but for others and the constant improvement of the organization as well.
